

An invitation to join a virtual specialist interest group with a focus on prehabilitation and rehabilitation

The SIG will bring members together to:

- Learn and share best practice and experiences to implement change at a local level
- Debate hot topics
- Support and influence national policy
- Enable Shared Decision Making (SDM) between patients, family and healthcare professionals
- Share high quality patient information and educational resources
- Share emerging research themes to inform clinical practice

Anyone can [join our SIG here>>>](#) free or by scanning the below QR code using your phone camera. If you are you not already a Q member, please note you will be asked to create a guest account.

Our convenors are:

- Dr Garry Davenport, National Clinical Advisor, Macmillan Cancer Support
- Sharon Drake, Deputy CEO/Director of Clinical Quality & Research at the Royal College of Anaesthetists
- Dr Steve Evans, Past CPOC Fellow and Anaesthetist in Training
- Lawrence Mudford, CPOC Patient Representative
