### Help with transport costs

If you are on a low income, you may be able to get help with the cost of travelling to hospital for your treatment. You could get a refund on your bus, train or taxi fares. Or you could get money to help with some of your petrol costs. People with cancer get free or discounted parking at many UK hospitals. Speak to the staff at the hospital for more information.

There are special rates for bus, coach and train tickets for some older people and people with disabilities. For more information visit [gov.uk](http://gov.uk) or [nidirect.gov.uk](http://nidirect.gov.uk)

If you have problems moving around, you may be able to get a Blue Badge. This allows you to park in parking spaces that are closer to where you need to go, such as hospitals or supermarkets. To find out more, visit [gov.uk](http://gov.uk) or [nidirect.gov.uk](http://nidirect.gov.uk)

## Help with prescriptions and other health costs

- **Prescriptions** - In Scotland, Wales and Northern Ireland, prescriptions are free for everyone. In England, prescriptions are free for anything related to cancer or its effects. You will need to fill in a form, which you can get from your GP surgery, pharmacy or some hospitals.
- **Wigs and fabric supports** - In Scotland, Wales and Northern Ireland, wigs and fabric supports are free on the NHS. In England, they are free for some people, including children under the age of 16 and people on a low income. Speak to your cancer nurse or doctor for more information.

The **NHS Low Income Scheme** helps people on a low income to pay for health costs. This includes help with dental treatment, sight tests and travel to receive treatment. It is run by the NHS, or the Health Service in Northern Ireland.

## Support for parents

You might be able to get some help from the government towards childcare costs. This might include some free childcare, or some money to help pay for childcare. You can find out about the different types of support available at [childcarechoices.gov.uk](http://childcarechoices.gov.uk)

You might also be able to get help with childcare costs from a charity or your local council.

If you have a child at school, they might be able to get free school meals. If you have a low income, you might also be able to get help with paying for school clothing, and travel to and from school. Ask your local council for more information.

## Grants and loans

**Macmillan Grants** are small, one-off payments for people who need help with the extra costs that cancer can cause. This might be extra clothing or help to pay heating bills. Macmillan Grants are for people who have a low level of income and savings. All of the following must apply:

- You have no more than £1,000 in savings for your household.
- You have a weekly income of no more than £323 per week for a household of 1 person or no more than £442 per week for a household of 2 or more people.
- You have not already had a Macmillan Grant in the last 2 years.

You may also be able to get grants or loans from other organisations. For example, charities or your local council might be able to help.

## Getting the right care and support for you

If you have cancer and do not speak English, you may be worried that this will affect your cancer treatment and care. But your healthcare team should offer you care, support and information that meets your needs.

We know that sometimes people may face extra challenges in getting the right support. For example, if you work or have a family it can be hard to find time to go to hospital appointments. You might also have worries about money and transport costs. All of this can be stressful and hard to cope with.

We also offer Macmillan Grants to people with cancer. These are one-off payments that can be used for things like hospital parking, travel costs, childcare or heating bills.

Our free support line **0808 808 00 00** can offer advice, in your language, about your situation. You can speak to nurses, financial guides, welfare rights advisers and work support advisers. **How Macmillan can help you**
